## Veeco - Materials that move your business

Since 1995, Veeco Pallets has specialised in converting post-consumer waste into plastic products, preventing it from ending up in landfills. Our efforts align with the Australian Government's target to divert 70% of plastic from landfills by 2025, demonstrating our dedication to environmental sustainability.

Veeco Pallets is committed to helping businesses achieve their ESG goals by upholding the highest standards in environmental, social, and governance practices.

Veeco Pallets are proud supporters of the Victorian Government's *Circular Economy Plan* - a 10-year initiative set out to reduce waste and boost recycling throughout the state. We encourage all movements towards a greener future built on the foundations of reusing, repurposing, and reducing waste.

- Sustainability**  
We are dedicated to environmental stewardship by transforming post-consumer waste into valuable products, significantly reducing landfill waste, and supporting a circular economy.
- Innovation**  
We strive for continuous improvement and innovation in our recycling processes and product designs, ensuring we meet and exceed industry needs while minimising environmental impact.
- Integrity**  
We uphold the highest standards of transparency, accountability, and ethical conduct in all aspects of our business, fostering trust and reliability with our stakeholders.
- Quality**  
We are committed to delivering superior products that meet the highest standards of quality and performance, ensuring our customers receive durable and reliable solutions.
