

Spill Guard 4 Drum Containment Pallet

Advanced Spill Containment Solutions 1240 x 1240 x 285mm

Technical Data	Bottom support	Top Deck	Dimensions (mm)	Maximum Load Capacities			Weight (kg)
				Static	Safe Working	Sump Capacity	
Spill Guard 4 Drum Containment Pallet	3 runners	open	1240 x 1240 x 285	8000	2000	110% of 205L	60

Benefits

- Exceptional spill containment**
Engineered to handle spills effectively with a 110% sump capacity, ensuring a safer workplace.
- Heavy-duty load capacity**
Capable of supporting a safe working load of 2 tons and a static load of 8 tons, making it ideal for heavy-duty industrial applications.
- Durable and long-lasting**
Corrosion and rot-proof, providing long-lasting performance in harsh environments.
- Versatile and compatible**
Designed to accommodate standard pallets, enhancing versatility and ease of use for added convenience.
- Enhanced stability**
The 25mm raised skirt design minimises movement, providing additional security for stored drums.
- Space-saving stackable design**
Designed to stack securely when emptied, optimising storage space.
- 100% recycled**
Made entirely from recycled materials, supporting your sustainability goals.

Industries

- Bio-chemical**
Ensures safe handling and storage of hazardous materials.
- Aviation**
Perfect for storing and transporting aviation fluids.
- Mechanical**
Designed to withstand heavy loads and harsh conditions, perfect for mechanical workshops and manufacturing plants. Ideal for handling and storing lubricants and fluids.
- Industrial**
A versatile & robust solution for various industrial applications.
- Petroleum**
Provides safe and efficient storage for petroleum products & hazardous materials.
- Mining**
Robust design suited for the demanding conditions of the mining industry.

Spill Guard 4 Drum Containment Pallet

Tailored Pallet Solutions

A top-tier solution for spill containment and drum storage.

Designed to provide maximum spill containment and safety for industries handling large volumes of liquids. With its robust construction and versatile features, this pallet ensures secure storage and easy handling of four full 205-litre drums.

Thoughtful design, and durable, 100% recycled eco-friendly materials ensure both functionality and longevity making it an essential addition to your safety and storage equipment.

Veeco - Materials that move your business

Since 1995, Veeco Pallets has specialised in converting post-consumer waste into plastic products, preventing it from ending up in landfills. Our efforts align with the Australian Government's target to divert 70% of plastic from landfills by 2025, demonstrating our dedication to environmental sustainability.

Veeco Pallets is committed to helping businesses achieve their ESG goals by upholding the highest standards in environmental, social, and governance practices.

Veeco Pallets are proud supporters of the Victorian Government's *Circular Economy Plan* - a 10-year initiative set out to reduce waste and boost recycling throughout the state. We encourage all movements towards a greener future built on the foundations of reusing, repurposing, and reducing waste.

- Sustainability**
We are dedicated to environmental stewardship by transforming post-consumer waste into valuable products, significantly reducing landfill waste, and supporting a circular economy.
- Innovation**
We strive for continuous improvement and innovation in our recycling processes and product designs, ensuring we meet and exceed industry needs while minimising environmental impact.
- Integrity**
We uphold the highest standards of transparency, accountability, and ethical conduct in all aspects of our business, fostering trust and reliability with our stakeholders.
- Quality**
We are committed to delivering superior products that meet the highest standards of quality and performance, ensuring our customers receive durable and reliable solutions.
